Narayan Singh Rao

Chairman

Ananta Institute of Medical Sciences and Research Center is established under Ananta Charitable Educational Society, with a vision to achieve excellence in the field of Medical Education, Health Care and Research. The realization of this dream was achieved due to clear vision of trustees who had a desire to the challenging path of all our success and achievements. Our Endeavour has been to emphasize 'student centric' training with a view that the role of a teacher is as a facilitator who helps students 'learn the subject', rather than merely 'teach the subject'.

An idea can be more easily lost than implemented. When it is shared, it has a multiplier effect. The benefits are enhanced, the achievements doubled and society witness the progress. Ananta Charitable Society is an eloquent testimony to the vision which provides Ananta Institute of Medical Sciences a path- breaking medical services, supported by high-end technology.

The flagship of Ananta Institute of Medical Sciences and Research Center offers personalized care to a wide cross-section of the society by harnessing latest technology. The hospital is focused on providing quality and affordable care in rapidly changing healthcare environment and has emerged as a landmark destination for people.

We at Ananta Institute of Medical Sciences and Research Center continue to strive for clinical excellence, personalized care and medical services that are responsive to the needs of the society.

“The education which does not help the common mass of people to equip themselves for the struggle of life, which does not bring out the strength of character, a spirit of philanthropy, and the courage of a lion - is it worth the name.”

- Swami Vivekananda

Prof. Dr. Pramila Bajaj

Dean

I have a great honour of being associated with this pioneer Medical College. As the Academic Head of this institution, I can categorically assure the aspiring students that you will find here the finest academic facilities much beyond one's imagination. You will experience here all that which makes an academic institution a Center of Excellence in Medical Education.

As a person who has been witnessing every brick of the massive buildings of this institution being laid, I can vouch that this college is well geared for achieving marvels in the field of medical education – the faculties are well dedicated and committed to teaching; the educational infrastructure and equipments are state-of-the-art; and the milieu is cordial for appropriate medical learning. I am sure the knowledge and skills, these students imbibe from this institution will make them flow to all the nook and corners of our country and also beyond.

By our mutual interactions, we shall jointly take positive steps to take our Institute to further heights. I convey my best wishes to dear students, faculties and staff of the Institution.

“ Education is the most powerful weapon which you can use to change the world. ”

- Nelson Mandela

Prof. Dr. A.L. Salvi

Medical Superintendent

Greeting to all of you. I heartily welcome the entire students who are looking forward to join the prestigious Ananta Institute of Medical Sciences & Research Center for the Under graduate study.

AIMS&RC stands out among all the Medical College due to its strong foundations. The campus is located on NH-8 at the junction of Udaipur and Rajsamand Districts. As a result the Hospital is never short of patient. We excel in providing state of art patient care including facilities like ICUs ,OTs 24*7 Blood Bank, CT Scan, MRI etc. This also provides students good opportunities to get practical experience in Medical Sciences.

We envisage being leaders in academics by undertaking innovative curriculum development, Right from the beginning we aim to provide a wholesome, immersive and hands-on teaching to each and every student. Learning will also be aided and enhanced by the use of advanced technologies like simulation center E- Library, well equipped labs, lecture hall with modern audio visual aids, projectors etc. Our library is well subscribed and has the best and the latest National and International Journal and Periodicals, Internet access facilities is also provided for the students within the library.

To encourage research-oriented and participative learning we have already started organizing CMEs, Guest lecturers, seminars etc for faculty. This culture will take greater dimensions with the participation of student.

Research, Education and Patient care are the areas which individually carry exceptional challenges, put together, they pose even greater challenges but also provided immense potential for making a significant contribution towards improving the lives of people in our community, nation and beyond.

So dear friends exciting times lie ahead of us as the Medical Education scenario in India is all set to see a huge upward push and here at AIMS & RC. I assure you that you'll be in the front seat of this vehicle of your overall development.

“ Education is a shared commitment between dedicated teachers, motivated students and enthusiastic parents with high expectations. ”

- Bob Beauprez

WHITE COAT CEREMONY OF FIRST MBBS STUDENTS

Creating a Paradigm Shift in Medical Education

The medical profession is a fine example of national integrity as doctors serve humanities diligently without any sort of prejudice of caste, color, creed, religion or language. The concept of medical education has diversified over the years and it is no longer confined to the hospitals and patient care only. Today, doctors are the anchors of the health care delivery system, thereby playing a vital role in the promotion of health. Medical Science is a discipline that requires a doctors' continuous professionalism throughout their life.

Medical professionals also need to be highly skillful in order to meet the client's comprehensive health care needs and to expand their professional functions in solving various problems. In addition, doctors need to demonstrate leadership by coordination with other health professional. In order to achieve these aims, Ananta Institute of Medical Sciences & Research Center believes in endorsing excellence in every area of its teaching, maintaining and developing its position as world-class institute to enrich all communities through the skill of its medical graduates.

Facilities & Provisions for our Students

Learning Hubs

We have spacious and aesthetically designed classrooms to offer the best learning experience to our students. There is also a provision of large conference room and seminar halls for students to debate and grow with latest technological facilities.

The Experts Chamber

A stimulating set-up for knowledge and growth is very essential for students and teachers alike. With a well designed and furnished Faculty Conference Room, the teaching staff gets an environment to incubate and discuss new teaching and learning practices.

Practical Zone

A prominent presence at state of art fully equipped laboratories ensure that students get an opportunity to practice the acquired theoretical knowledge. Our laboratories are not only a place to experiment, observe or test but an ingress for producing exemplary doctors.

Anatomy Museum

Ananta Institute has one of the best Anatomy Lab, equipped with complete range of articulated skeletal, various bones, models, charts, right amount of written text, and contains very good illustration, photos to provide better understanding of the subjects to its students.

The lab is very interactive and contains activities and experiments that enhance student's ability to both visualize anatomical structures. A Good Dissection Hall is available for the students so they learn the anatomy of the human body through dissection.

Physiology

Physiology is the study of how our body works. It is mother of many branches in medical science. In our physiology department, we have separate hematology, Clinical Physiology, amphibian, mammalian and research laboratories with well equipped instruments and facilities to carry out practical for students. Physiology department is fully equipped and dedicated to shape up intellectual and practical skills of medical students. Currently our research laboratory is conducting research on various aspects of electro physiology and exercise physiology.

Biochemistry

Our biochemistry laboratory is Equipped with all kind at equipments, instruments and glassware. We have various charts illustrating the mechanism of action at biomolecules. This aids in suiting the requirement of the student to make their ideas more clear and project themselves to understand the subject thoroughly. This also helps to clear the vision and enable them to critically evaluate the role at biomolecules in the field of medicine.

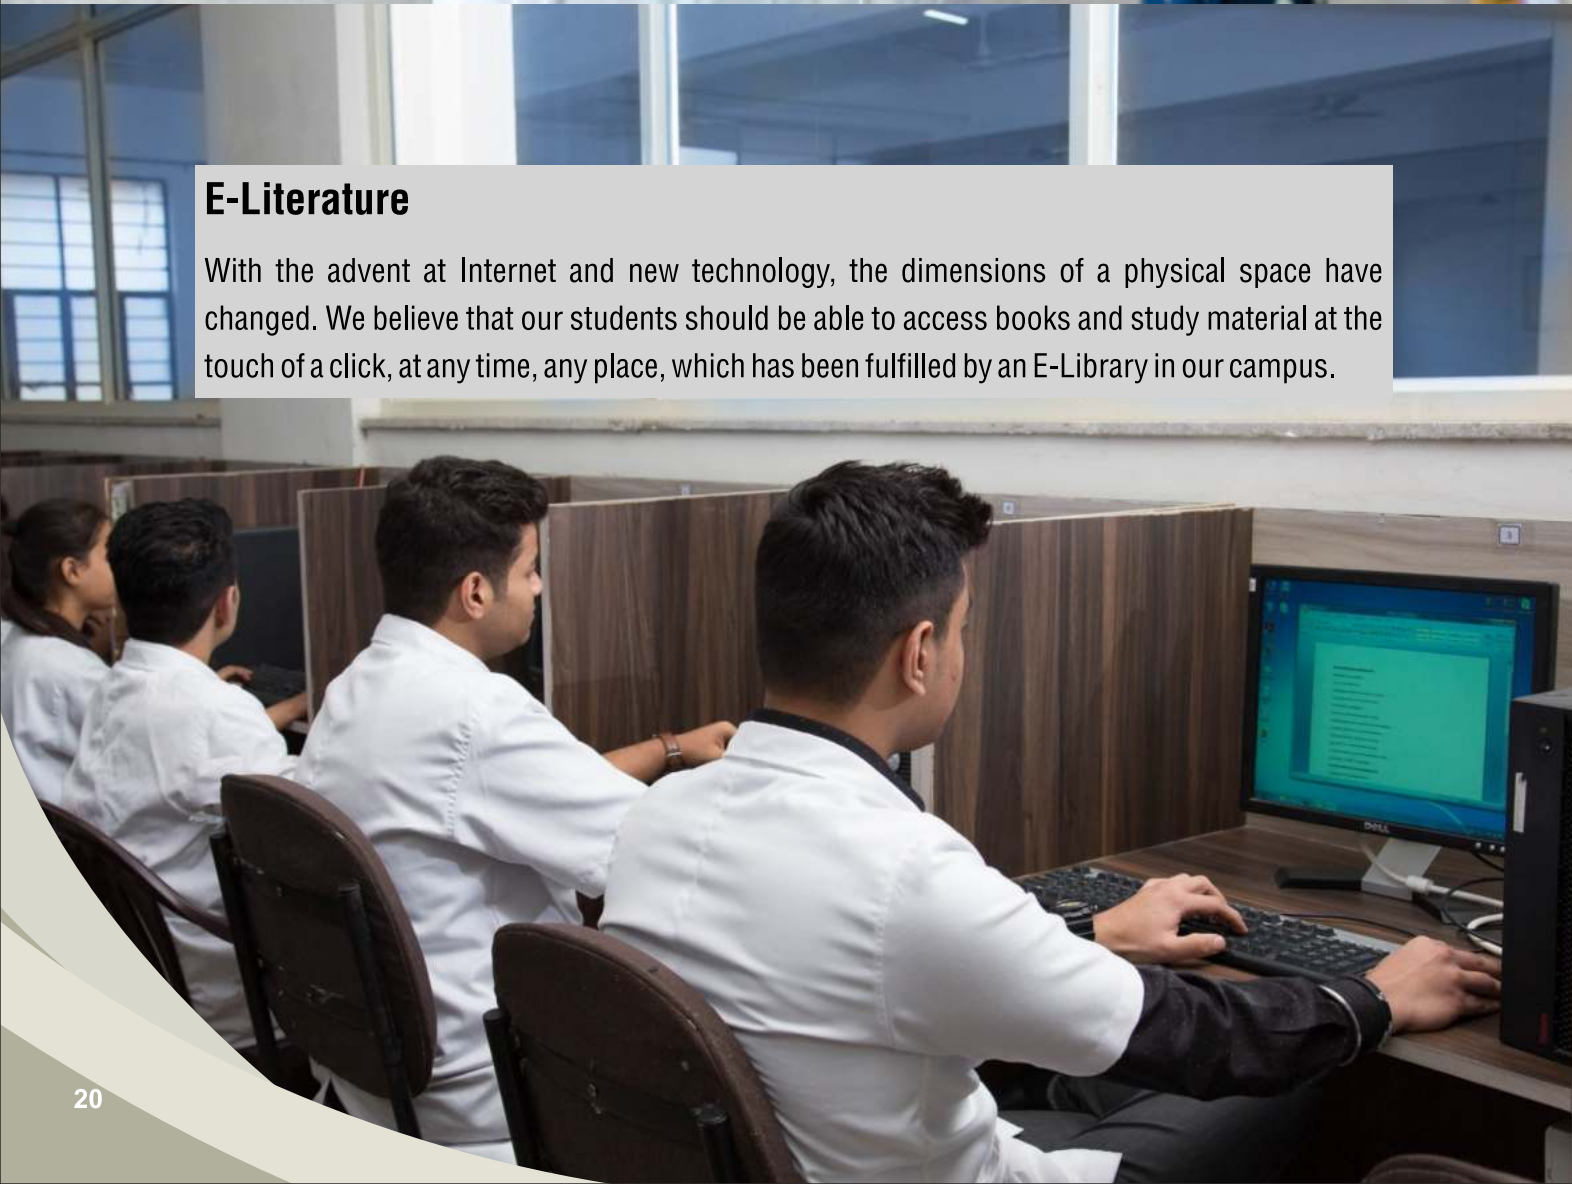

Knowledge Treasury

We believe that a library is not just a repository or knowledge but a medium of information exchange for our students as well as the faculty. A well stocked library with books on various topics related to academics as well as recreational reading material will ensure a multidimensional growth.

E-Literature

With the advent of Internet and new technology, the dimensions of a physical space have changed. We believe that our students should be able to access books and study material at the touch of a click, at any time, any place, which has been fulfilled by an E-Library in our campus.

Canteen

The Institute also has specific cafeterias within the premises. The food and snacks served in the cafeterias are freshly made. A proper check is made on the hygiene and cleanliness of the cafeterias. The tables, chairs, floors and the place where the food is cooked are cleaned frequently and timely. The health of the students is very important for the management of the college and hence all the measures are taken to ensure the same.

Sports Ground

Students are encouraged in the field of sports and are facilitated with all required equipment to play games like Cricket, Football, Table Tennis, Volleyball, Basketball, Badminton, etc.

Transportation

The Institute provides transportation services regularly between campus and the city which is available to all the students and faculty members. The buses are spacious and well maintained and with comfortable seats. The management takes all steps to keep the students and the faculty safe and secure throughout their journey for the campus.
